Unquestionable Quality

Curating a "White Glove" Experience to Keep Resident Satisfaction High

Does your team have the tools to foster a community where comfort, security and satisfaction are unquestionable? **Do they have the resources to answer these common resident questions?**

You're new here. **How do you know my preferences and schedule?**

When will housekeeping come? I prefer to have my room cleaned in the morning while I'm out.

How are you keeping me safe? Do you have security system where I can stay up-to-date?

**Where can I offer feedback** to the staff and facilities?

Are you sure you're sending the right people to complete my work order?

Who is taking me to my doctor appointment this week?

The facilities are always so clean. **How does the staff stay on top of everything?**

My parents requested a repair. **When will the team be completing the work?**

Introducing TheWorxHub,

a world-class senior living facility management platform designed to simplify maintenance, improve compliance, and increase resident satisfaction.

By using **TheWorxHub**, you'll be able to answer these resident questions and:

→ Automate tasks and work orders
→ Prolong asset life
→ Reduce maintenance costs
→ Uphold facility compliance standards
→ Create and maintain a safer, more enjoyable community

Our **cloud-based, all-in-one platform** was designed with healthcare and senior living communities in-mind and is lifesaver for facilities directors, technicians, maintenance staff, and residents.

Learn more about TheWorxHub and how we're enabling your team to ensure resident satisfaction. →

"**What I like about TheWorxHub, and all of the modules, is that you only have to go to one platform to do the various things you want to do."**

— Ryan Ferguson,
Director of Facility Services
